# Memory Makers

Fashions, trends, styles. They come and go and are often short-lived. Only some concepts stay. Because they are bigger than the times. Because they mean something. A rocking horse is exactly that: a timeless toy that has lost none of its fascination in over 170 years. We work hard every day to craft, develop and produce true lasting beauty.

Our rocking horses are a sum of all its predecessors – and are therefore a reflection of the past and a vision of the future. Our silhouette: iconic. The design: timeless.

The materials: hardwoods for longevity. Durable, soft leather; hand sewn for realism. Sustainable, plastic free: quality. Built with passion and precision for you to make memories.

## Harold Oak Horse

Classic simplicity: modern day antique. Sculpted from the finest British Oak, his points have been painted to emphasise the true beauty of the grain. With dark brown leather tack and black quilted saddle blankets this horse is a truly stunning interior piece. The most popular horse in the stable.

## Alfred

### 23ct Gold Unicorn

Regal elegance: crowned in gold. The pearlescent glittering paint shimmers while the 24ct gold leaf hooves and horn sparkle. Strong, solid oak stand with spiral twisted pillars, there is nothing standard about this horse. A spell will be cast on you. **Talk to Anna & Pete on 07977 129596.**

## Mary

### Traditional Dapple

Endorsed by time: loved by generations. There is nothing that speaks of the heritage of the rocking horse more than the dapple grey. A subtle, modern approach to painting, combined with fine wood carving creates an enduring realism while honouring and reflecting the past.

## Edward

### Dark Dapple

Resolutely different: make a statement. The Steel grey rocking horse has been crafted for those looking for something less rooted in tradition. Like all of our horses; made with hands and not machines. Tacked with the finest hand stitched bridle, grey hair and loose quilted saddle blankets.
